LETTER

Applicants filed an Amendment in the above-captioned application on March 17, 2003. The Amendment was filed with a signed cover sheet. It was recently discovered, however, that the Amendment was not signed by Applicants' attorney. Thus, included with this letter is a signed copy of the Amendment. Applicants hereby ratify the Amendment previously filed.

If a one-month extension of time is necessary for the Amendment to be considered, Applicants hereby petition for the extension and request the extension be charged to Deposit Account No. 04-1403.

Respectfully submitted,

DORITY & MANNING, P.A.

AMENDMENT

In response to the Office Action dated December 17, 2002, please amend the above-captioned application as follows.

IN THE CLAIMS

Please amend claims 1-22 to read as follows (marked changes included as Appendix A):

WHAT IS CLAIMED IS:

1. (Amended) A method for detecting the presence of urease in a gastrointestinal system comprising:
- providing a sample of gastric material from a patient;
 - contacting said gastric material with a first powdered composition comprising urea, said urea being converted into ammonia when contacted with urease;
 - thereafter contacting said gastric material with a second composition comprising an indicator, wherein, when ammonia is present, said indicator indicates the presence of ammonia thereby indicating the presence of urease in said gastric material.
2. (Amended) The method as defined in claim 1, wherein said urea has a mean particle size of less than 0.1 mm.
